

NCA Regular Meeting
Feb 3rd, 2010
Mt View Fire Station

PENDING APPROVAL

Attended By – Neal Anderson, Terry Larsen, Renae Dahiya, Pat Murphy, Heidi Storz, Tony Santelli, Phyllis Jefferson.

Guests – Residents: Kathy Koehler, Leigh Charley, Charlie von Schlesien, BCPOS: Erica Christensen, Karen Imbierowicz, MVFD: Steve Pischke

Call to order – 7:08pm.

Review and Approval of Minutes – No Action.

Parks and Open Space – Erica Christensen and Karen Imbierowicz from Boulder County Parks and Open Space shared information about upcoming 2010 projects planned in partnership with the NCA and resident volunteers in the community. The focus remains the Monarch Trail and Open space area. In the spring they will be seeding this area and volunteers are needed to install a prairie dog barrier to keep them out until the seeds grow. 8 people are needed for the fence project and 10 more to tackle cleanup in the same area. Erica had a PDF for the event and we discussed signage to publicize it in two locations 1) 79th & the Trail and 2) Monarch Trail entrance area. Erica said she could help with this. We discussed informing LHVC about the event and possibly the Times Call and contacting local schools and organizations to find volunteers. We suggested the date of the event be the week before spring break which starts the week of March 29. We discussed management of volunteer contact information and showing a *Birds of Prey Slide Show* by Larry prior to the volunteer event at a local meeting to the residents- this requires 4 weeks notice.

MVFPD - Steve Pischke reported the Mountain View Fire District annual report is almost ready. Chief Mark Lawley is working with the budget to ensure the department does not spend more than it has to address the equipment needs of the department and other expenses. On the list of needs are – a new engine, an ambulance, a new station, station remodels, and possibly refurbishing old engines. He committed to communicating the #fire and #medical calls made in the Niwot area at our monthly meetings going forward.

Zip Code – Discussion has started about the need to expand the 80503 zip code to the business district to ensure that businesses in Niwot are found by the postal and online map generation programs. Because 80503 is a Longmont postal code, businesses are experiencing issues with mail delivery and online maps to store fronts. Kathy Koehler started work on this issue. The NCA will communicate with residents should this issue impact them.

Circle of the Village – Charlie von Schlesien suggests this community event for summer or spring time to bring people together perhaps at the gazebo area to join hands a circle the village.

County Actions

- **Road Maintenance** – A Niwot meeting has been scheduled to discuss this issue with residents at the Niwot Inn.
- **Niwot Park**- SPR process is required again by Boulder County. Heidi and Will will walk the neighborhoods to gather input from residents in the area.

Treasurer's Report – Terry gave the treasurers report

Adjourn – 8:30pm
