- **Sheriff Substation in Niwot** – Last communication stated they plan to move to the Mt View Fire Station and rent space at this location.
- **83rd Street** – Heidi reported that Boulder County held a meeting with a few residents living along 83rd street to discuss the speed control plans at 83rd and Niwot Meadow Farms entrance. Boulder County stated that they do not have enough space at this intersection to install a round-a-bout and instead are considering a raised crossing. Questions were raised as to why only a few residents were informed of the change in direction and why Niwot Meadow Farms residents were not included in this meeting.
- **Niwot Drives 35** – Liz suggested we try to promote a new campaign in Niwot to get speed under control with signs!

To cover this, the NCA decided to charge \$3 per vehicle for non-members and paid NCA members enter for free.
