Questions?

Questions & Answers

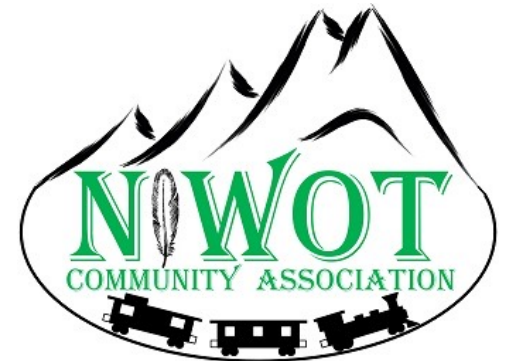

“Speeding is a significant problem in the school zone on Niwot road. Even when the yellow school zone light is flashing, vehicles are traveling at an excessive rate.”

“Tell us more details on the CO 119 tunnels beneath Niwot Road proposal. This idea could be a good one. Maybe a Niwot road overpass?”

“I am concerned about railroad safety living in Niwot, so close to railways I remember some local fires happening along the railroad from sparks that could have caused a real problem in windy condition. Then there are other safety concerns re chemical exposures etc. I am opposed to expanding rail traffic and want a great deal more done to regulate safety and transport in regards to railroad traffic. Please comment.”

“I am just wondering what, if any, rules there are in Niwot about banner (essentially billboard) advertising. The fence at the south end of the high school field is starting to look like a mass of billboards and I think it looks very tacky and cheapens the Niwot ambiance.”
